Sarah Arbour, Planner II, petitioned the Board for a public hearing on Proposed Zoning Change: Case # PLAN2412-0001 Landowner / Applicant: TFD, Inc. / Johnathan Tucker; 8.50 +/- acres; Pin # 0654-59-0569.000; From RA-30 to Commercial Zoning District; Hectors Creek Township; Intersection of SR # 1415 (Rawls Church Road) & US Hwy 401 N. The property is a vacant, unimproved site previously used for agricultural purposes. The center of the site, once wooded, has recently been cleared. The property is situated along the Norfolk Southern Railroad, a 100' railway right-of-way and intersects the western property line. A petition to rezone the property to Commercial was denied by the Board of Commissioners in December 2023. Several neighboring property owners expressed concerns regarding the potential traffic impacts if this property were developed for commercial use. A traffic light has since been installed at the intersection of U.S. 401 N. and Rawls Church Road. Surrounding land uses consist of single-family residences and various non-residential uses including agricultural activities, a religious institution, and a turf and tractor supply facility. In 2022, +/- 72 acres of adjacent land was zoned

Commercial. Since the property was rezoned, Revels Turf & Tractor has relocated their facility from Fuquay-Varina to Rawls Church Rd. The recent zoning change has spurred commercial growth and signifies a trend of non-residential development in the area.

Staff's evaluation:

- The property is located in an area with a variety of non-residential land uses. Recently, the area has experienced additional commercial development as a result of the rezoning of a nearby property to Commercial.
- The uses permitted in the Commercial zoning district are in the interest of the general public. The property is classified as Employment Mixed Use on the Future Land Use Map, a land use designation for areas of the county which have been identified for economic development potential. The property has access to a major thoroughfare, US HWY 401 N., a signalized intersection, and utility services.
- The uses permitted in the Commercial zoning district would be appropriate in the area included in the proposed change. The uses permitted in the Commercial zoning district are compatible with the nearby commercial land uses and properties zoned Commercial. Additionally, the property has a future land use classification of Employment Mixed Use, which is a development node for areas along major thoroughfares prime for development opportunities.
- The uses permitted in the Commercial zoning district are compatible with nearby non-residential land uses and potential future commercial development on the property recently zoned Commercial located on Rawls Church Rd. and US 401 N.
- The requested zoning district is compatible with the future land use classification, Employment Mixed Use. The Employment Mixed Use Future Land Use classification supports commercial development along major thoroughfares throughout the county.

As stated in the evaluation, the requested rezoning to Commercial would not have an unreasonable impact on the surrounding community based on compatibility with the future land use plan. It is recommended that this rezoning request be APPROVED.

At the Planning Board meeting on February 3, 2025, the board voted unanimously (4-0) to approve the requested rezoning to Commercial. The board found that the requested rezoning was compatible with the surrounding land uses and the future land use classification, Employment Mixed Use.

One resident spoke at the Planning Board Meeting. The resident asked whether turn lanes would be required on Rawls Church Rd. and U.S. 401 N. if the property were developed for commercial purposes and then stated that they did not wish to see the property developed as a Dollar General store.

Vice Chairman Morris opened the public hearing. The following people spoke in favor of the requested rezoning:

1. Johnathan Tucker, applicant, 141 Country Haven Lane, Fuquay Varina, NC spoke in favor of the request.

2. Jeff Zimmer of Fuquay Varina spoke in favor of the request.
3. Kimberly Pruitt of 135 Country Haven Lane, Fuquay Varina spoke in favor of the request.
4. Paula Hively of Angier spoke in favor of the request.

The following people spoke against the proposed rezoning:

1. Johnny Shanton of 492 Hilliard Road, Fuquay Varina spoke against the request.
2. Kevin Matthews of 5363 Rawls Church Road, Fuquay Varina spoke against the request.
3. Kate Foley of Jared Drive, Fuquay Varina spoke against the request.

No one else spoke and the public hearing was closed.

Commissioner Jaggers made a motion to place the Proposed Rezoning Change: Case # PLAN2412-0001 for voting on the next agenda so that all five members are present. The motion was seconded by Commissioner Matthews and carried unanimously.

Chairman Morris stated the Proposed Zoning Change: Case # PLAN2412-0001 Landowner / Applicant: TFD, Inc. / Johnathan Tucker; 8.50 +/- acres; Pin # 0654-59-0569.000; From RA-30 to Commercial Zoning District; Hectors Creek Township; Intersection of SR # 1415 (Rawls Church Road) & US Hwy 401 N will be added as an action item for the Work Session scheduled for February 25, 2025 at 9:00 am.

Ms. Arbour petitioned the Board for a public hearing on Proposed Zoning Change: # PLAN2501-0001 Landowner / Applicant: CLCA, LLC-Chris Patterson / C Gregory Bagley; 4.03 +/- acres; Pin # 0610-88-7283.000; From RA-20R to Commercial Zoning District; Upper Little River Township; Intersection of US Hwy 421 N & SR # 1265 (Cool Springs Road). The property is a vacant, unimproved site previously used for agricultural purposes. The site has frontage along US 421 N. and Cool Springs Rd. The property is located in a mixed-use area. Surrounding land uses consist of single-family residences, agricultural activities, and various non-residential uses. A Family Dollar, Dollar General, gas station, health clinic, and the Boone Trail Fire Department are located within a .10 of a mile of the subject property. The property is located in a mixed-use area with existing commercial and non-residential uses. Properties with a Commercial zoning designation are located directly across from the subject property on the south side of US 421 N. The requested zoning district is compatible with the underlying land use, Rural Center. This land use classification is a development node that encourages commercial land uses and economic development throughout the county. The uses permitted in the Commercial zoning district are compatible with the underlying land use. There is a convincing demonstration that all uses permitted under the proposed zoning district classification would be appropriate in the area included in the proposed change. The uses permitted in the Commercial zoning district are compatible with the surrounding and nearby commercial land uses. Additionally, the property has access to a major thoroughfare and water service and is located in a Rural Center Development Node. There is a convincing demonstration that the character of the neighborhood will not be materially and adversely affected by the uses permitted in the requested zoning district. The uses permitted in the Commercial zoning district are compatible with the nearby non-residential land uses. Further, the neighborhood may experience benefits from future commercial development such as an increase in employment

opportunities and local investment. The requested zoning district is compatible with the future land use classification, Rural Center. The Rural Center Use Future Land Use classification supports small scale, market-driven commercial centers. As stated in the evaluation, the requested rezoning to Commercial would not have an unreasonable impact on the surrounding community based on compatibility with the future land use plan. It is recommended that this rezoning request be APPROVED.

At the Planning Board Meeting on February 3, 2025, the board voted unanimously (5-0) to recommend approval of the proposed rezoning from the RA-20R to Commercial zoning district. The board found that the requested rezoning is compatible with the land use classification, Rural Center. There was no one present to speak in opposition.

Vice Chairman Morris opened the public hearing and the following person spoke:

Greg Bagley of 225 Southern Magnolia Lane, Fuquay Varina spoke in favor of the request.

No one else spoke and the public hearing was closed.

Commissioner Jaggers made a motion to approve the Proposed Zoning Change: # PLAN2501-0001 Landowner / Applicant: CLCA, LLC-Chris Patterson / C Gregory Bagley; 4.03 +/- acres; Pin # 0610-88-7283.000; From RA-20R to Commercial Zoning District; Upper Little River Township; Intersection of US Hwy 421 N & SR # 1265 (Cool Springs Road). The motion was seconded by Commissioner Matthews and the motion carried unanimously. **(Attachment 1)**

Discuss and consider the City of Dunn's funding request regarding the 2025 Diamond Youth Baseball AA World Series. Brent Trout, County Manager, stated I have had a conversation with Ms. Elmore regarding this issue. The issue we are looking at is some cost related to additional police and EMS time that they will need during the event. The Board can wait until the next budget to approve this as the event happens in July. We can make the contribution and move it through the normal budget process rather than take from something else or fund balance. We have had a history of not necessarily funding nonprofit organizations, given that most of the expense that was relayed to me that they are looking at having us cover is related to the City of Dunn, we could look at a contribution to the City of Dunn to support the event. Commissioner Jaggers made a motion to include the request in a line item in the next budget. Commissioner Matthews seconded the motion. Councilmember Matthews asked what the total request was and Mr. Trout stated $40,000. Mr. Trout stated they showed me expenses related to the hours that would be worked by EMS and law enforcement personnel. We can provide that information as we go through the budget process. Additional discussion included tourism benefits. Commissioner Jaggers amended his motion to include approval of the request to be included in the upcoming budget to the City of Dunn for expenses related to EMS and Law Enforcement personnel for the 2025 Diamond Youth Baseball AA World Series. The amended motion was seconded by Commissioner Matthews and carried unanimously.

Mr. Trout shared they met with the Board of Elections a week or so ago and from that discussion they made the decision that they would take the addition of new office space that we were offering in the building on Alexander Avenue and so the Board of Elections will be moving into there and we will have Fleet, Solid Waste and Capital Projects Departments move to where the Board of Elections is now next

to Harnett Regional Water. This will provide them with the opportunity to get all their items under one roof. It will also provide a better location for them as it is handicap accessible and have additional space. Assistant Manager, Mike Morrow, will be coordinating that move with them.

Mr. Trout introduced Mr. Tommy Burns, who started today as our new Harnett Regional Water Director. We are excited to have him. Mr. Trout thanked Seann Bryd for serving as Interim Director. Mr. Trout stated I think Tommy and Seann are going to make a great team.

Mr. Trout stated I will be signing a document that will be transferring Phase 2 project for internet access that was previously with Cloudwyze. Ripple Fiber has bought Cloudwyze and they will be assuming that contract for Phase 2.

Mr. Trout shared we are continuing to move forward with the bond sale process related to Flatwoods Middle School. Staff will be taking a trip to New York to meet with Standard and Poor and Moody's to ensure we keep our bond capacity or maybe even get an upgrade in our bond status.

Mr. Trout stated we have some weather coming in this week, stay tuned for announcements related to closings and/or delays.

Discussion of the Mid-Carolina Regional Council of Delegates was deferred to the February 25th work session.

Vice Chairman Morris made a motion to approve the budget amendments as requested by the Finance Officer. The motion was seconded by Commissioner Jaggers and carried unanimously. **(Attachment 2)**

Vice Chairman Morris made a motion to approve the tax rebates, refunds and releases as requested by the Tax Administrator. The motion was seconded by Commissioner Jaggers and carried unanimously. **(Attachment 3)**

Mr. Trout reviewed a request for the approval of Harnett Regional Water Write-offs as of September 2024. All of these accounts have been delinquent for more than three years and total $184,085.36. The facilitation of these write-offs is an important step in a continuing effort to effectively manage our collections and bad debt. HRW is currently using the Local Government Debt Setoff Program and On-Line Collections, Inc. to help collect our delinquent accounts. We are happy to report that we have recovered over $893,424.08 in bad debt previously written off through the Debt Setoff Program. Commissioner Jaggers made a motion to approve the Harnett Regional Water Write-offs as of September 2024. The motion was seconded by Commissioner Matthews. Commissioner Jaggers stated this money is still collectable, I would like to get that on the record. Mr. Trout stated yes, it is, it is an accounting step and it is still collectable. The motion carried unanimously.

Vice Chairman Morris stated I got to looking at the flooding issue with Riverside. Everything from 1779 Bunnlevel Rd to the Cape Fear River is corporate owned, have we sent a letter to them stating their ditches have not been maintained. Coley Price, Deputy County Manager, stated we are doing that right now and will be doing surveys to pinpoint exactly where that is at.

Commissioner Jaggers made a motion to adjourn at 7:28 pm. The motion was seconded by Commissioner Matthews and carried unanimously.

William Morris, Vice Chairman
