Christine Wallace, Tax Administrator, and Ryan Vincent with Vincent Valuations provided a final update on the 2026 Reappraisal. Information included:

- General Information
  - Reappraisal is required at least once every eight years per North Carolina general statute
  - The process resets all real property tax values to current market value, as of January 1 of the reappraisal year. This reappraisal cycle is based on an effective date of January 1, 2026.
  - Reappraisal distributes the overall property tax burden equitably across the county based on current market value
  - Property tax values generally do not change from year to year until the next reappraisal. Exceptions include new construction, parcel splits/recombination and permitted changes.
  - There are currently over 80,000 parcels of real property in Harnett County
- Reappraisal Objective
  - Appraise all real property in the county at 100% of its current fair market value, as defined by statute
  - G.S. 105-283: "All property, real and personal, shall as far as practicable be appraised or valued at its true value in money."
  - True value in money is "the price estimated in terms of money at which the property would change hands between a willing and financially able buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of all the uses to which the property is adapted and for which it is capable of being used."

Mark Locklear, Development Services Director, presented the current policy regarding when sidewalks are required. Information included:

- Sidewalk requirements are more common in municipal settings than in county jurisdictions
- Sidewalks were not a priority for leadership at the time
- Many existing subdivisions, particularly in W. Harnett County, were established prior to the Compatibility Design Concept (2007)
- Following adoption, sidewalks in standard subdivisions are not required, however, sidewalks are incentivized through the "Compatibility Subdivision" option for higher density development
- Sidewalk, path, trail, and bike route regulations are determined by:
  - Harnett County Unified Development Ordinance
  - 2011 Harnett County Comprehensive Transportation Plan
  - Harnett County Bicycle, Pedestrian, & Greenway Plan
- Current Sidewalk Requirements by Development Type
  - Conventional Subdivisions
  - Compatibility Subdivisions
  - Multifamily Development
  - Planned Unit Developments
  - Non-Residential/Commercial Development

- Future of Sidewalk Policy
    - Harnett Horizons 2040 Land Use Plan recommends expanded pedestrian and bicycle infrastructure
    - Focus on improved connectivity, safety, and multimodal transportation options
    - Staff is currently working with a transportation consultant to compare transportation standards with peer communities
    - Review will identify best practices and potential updates to current standards
    - Staff is interested in obtaining Board direction on priorities and policy consideration for sidewalks
    - Staff will present enhanced regulations to the Board late summer

Tommy Burns, Harnett Regional Water (HRW) Director reviewed a request for approval of Task Order 4 with CDM Smith to provide a Preliminary Engineering Report (PER) addressing per- and polyfluoroalkyl substances (PFAS) in the County's water system. The PER will establish and verify the basis of design criteria, site layout, estimated costs, and implementation timelines. This contract will also provide a feasibility analysis on how HRW could potentially utilize existing Powdered Activated Carbon (PAC) infrastructure as a PFAS treatment method. The total amount of this PER is $500,000 and will provide the technical basis needed to advance design and ensure continued compliance with evolving federal and state regulations. Board consideration and acceptance of this contract will authorize staff to proceed with the next phase of engineering as recommended. Commissioner Morris made a motion to approve Task Order 4 with CDM Smith to provide a Preliminary Engineering Report (PER) addressing per- and polyfluoroalkyl substances (PFAS) in the County's water system. The motion was seconded by Vice Chairman Nicol and carried unanimously.

Commissioner McKoy asked what the percentage of PFAS in our water now. Mr. Burns stated we stay right around the threshold but there make be occasions when we have a spike if we have an upstream discharge. Mr. Burns stated once we finish this process, we will be at or below the threshold level limit and will be in full compliance.

Brent Trout, County Manager, stated regarding the LIFE St. Joseph of the Pines PACE Program Update, I have been unable to reach the state contact. Once I hear back from them, I will provide the information. The detailed report from the community survey discussed earlier will be online on our website. Mr. Trout recognized our Emergency Management Services Department as they were recently awarded by the American Heart Association the Lifeline EMS Gold Status Achievement Award for proven dedication to ensuring access to best practices and life-saving care. A blank copy of the project funding request list was placed at each of your desks, please return it to me. Our legislative luncheon will be on March 31st. I also provided the mobile health unit schedule for the month. We served 172 scoops of ice cream for the Employee Appreciation event last week. You were also presented with an invitation to attend the Harnett Management Academy graduation on April 15th at noon.

Commissioner McKoy made a motion to approve the Budget Amendments as requested by the Finance Officer. The motion was seconded by Commissioner Morris and carried unanimously. **(Attachment 1)**

Commissioner Morris stated there have been two situations brought to my attention regarding system development fees for commercial situations. One is a developer who is building a hangar at the Harnett County Airport and he is a licensed public utilities contractor, who installed water and sewer tap at no cost to the County and he has received a bill for $7,500. Another scenario, a gentlemen bought a lot, the taps were already in place and he received a bill for $10,000. Commissioner Morris stated what I would like to see in these very limited commercial settings, that staff be granted the authority in these situations to waive system development fees because we have nothing invested and we are going to benefit largely from the tax base that they are creating and it sends a message that we want to encourage commercial growth. Discussion included current policy, setting a threshold and who they would grant that authority to.

Commissioner Morris made a motion to grant the County Manager authority to waive system development fees for $10,000 or less without Board approval. The motion was seconded by Vice Chairman Nicol and carried unanimously.

Commissioner Comments

Commissioner Morris thanked staff for everything and the accurate reports.

Commissioner McKoy thanked Melissa for providing us with all these dates on upcoming meetings and invitations. This is very important.

Vice Chairman Nicol thanked staff. I feel like with each one of these meetings, each year, we are starting to learn things all together and things are starting to flow. We are beginning to see lights at the end of the tunnels. We are approaching goals we have set and it feels good to be up here for each meeting.

Chairman Jaggers thanked Christine and staff for their work and effort on the reappraisal. We appreciate the work. We are very aware of what is going on in the legislature and we do not know how that will affect the county. I think the state trying to get into dictating to the county how we get money to fund county functions, especially when they are cutting back funding they are giving us. The county is growing and we want to provide services. The county employees are doing a great job. We are really impressed with everything you are doing. We are thankful that we have a county that is growing but it is tough when it gets to tax time and understanding how everything works. We sit up here and we might act like we are just conducting business but we are all very concerned about the tax rates. We're all very concerned about the reappraisal rates. We are looking at every option we can to keep the burden of the citizens of this county as low as we can.

Commissioner Morris made a motion to go into Closed Session for the purpose to discuss and consider a personnel matter. This motion is made pursuant to NC General Statute Section 143-318.11 (a) (6). The motion was seconded by Vice Chairman Nicol and carried unanimously.

Following a motion to come out of Closed Session, Chairman Jaggers called the meeting back into open session and recessed the meeting at 10:45 am to reconvene downstairs in Training Room 103 A for the Joint Meeting with the Board of Elections.

Chairman Jaggers reconvened the meeting at 10:51 am.

Harnett County Board of Elections Members

Members Present:	Danny Moody, Chairman Rickie L. Day, Secretary Russ Ugone Allison Fenderson Betsy McCormick
Staff Present:	Claire Jones, Elections Director Sarah Rathke, Assistant Director

Danny Moody, Chairman for the Board of Elections called the Harnett County Board of Elections meeting to order at 10:51am.

Chairman Moody moved that the County Board of Elections go into Closed Session to prevent disclosure of information that is privilege or confidential pertaining to election security. This motion is made under NCGS 143-318.11 (a) (1). Mr. Day made a motion to go into Closed Session with the Harnett County Board of Commissioners. The motion was seconded by Mr. Ugone and motion carried unanimously.

Commissioner Morris made a motion to go into Closed Session to prevent disclosure of information that is privilege or confidential pertaining to election security. This motion is made under NCGS 143-318.11 (a) (1). Chairman Jaggers seconded the motion. Following a brief discussion, Chairman Jaggers called for a vote on the motion to go into Closed Session. The motion carried unanimously.

Following a motion to come out of Closed Session the Harnett County Board of Elections came back into to open session and adjourned.

Following a motion to come out of Closed Session, Chairman Jaggers called the meeting back into open session.

Commissioner Morris made a motion to adjourn at 11:25 am. The motion was seconded by Vice Chairman Nicol and carried unanimously.
