B. Meeting Minutes of October 13, 2026

Special Recognition of Jennifer Maxwell – Vice Chairman Nicol presented Ms. Jennifer Maxwell with a Certificate of Recognition in grateful recognition of her extraordinary courage, compassion and selfless service in Harnett County. On August 16, 2026, you brought a 12 year old kidnapping survivor to safety at the Erwin Police Department. Your kindness and reassuring presence helped calm the child and gave her the confidence to explain what had happened. By assisting law enforcement with vital information that led officers back to the scene and helped them locate the prime suspect, you demonstrated remarkable bravery and concern for the safety of others. Your heroic actions embody the true spirit of a guardian angel and reflect the highest ideals of citizenship and community service. With our deepest gratitude and admiration, we proudly recognize you as a hero whose courage made a lasting difference.

Sarah Arbour, Planner II, petitioned the board for a public hearing on PLAN2609-0001, Requested Zoning Change from the RA-20R to the RA-20M Zoning District; Landowner/Applicant: Anchor Properties of Raleigh, LLC / Haidar Shbeeb; 17.32 +/- acres; Pin # 0557-61-9190.000; From the RA-20R to RA-20M Zoning District; Stewart's Creek Township; SR # 2033 (Sanderfer Road). The site is an unimproved and wooded property. Overhead power lines transverse the site along the west property line, and a stream, Smith Branch, is present along the east. Surrounding land uses consist of agricultural activities, residential uses, and the Bunnlevel Convenience Center.

Staff Evaluation:

- The subject property is adjacent to the RA-20R and RA-30 zoning districts, and therefore the request does not place all property similarly situated in the area in the same category.
- The uses permitted under the proposed zoning classification are not in the interest of the public. The RA-20M zoning district is a more permissive zoning district than the adjacent RA-20R and RA-30 zoning districts and allows for uses which are not permitted within the adjacent zoning districts.
- There is not a convincing demonstration that all uses permitted under the proposed district classification would be appropriate in the area included in the proposed change. The RA-20M zoning district is a more permissive zoning district than the adjacent RA-20R and RA-30 zoning districts and allows for uses which are not permitted within the adjacent zoning districts.
- There is not a convincing demonstration that the character of the neighborhood will not be materially and adversely affected by the uses permitted in the requested zoning district. The properties in the surrounding community are under the RA-20R and RA-30 zoning classifications, which have fewer outright permitted and allowable special uses than the RA-20M zoning classification.
- Sound Planning Practices
    - The proposed change from the RA-20R zoning district to the RA-20M zoning district is not in accordance with sound planning practices for the following reasons:
    - The uses permitted under the proposed zoning classification, RA-20M, are not completely compatible with the adjacent uses and the uses permitted under the surrounding zoning classifications, RA-20R and RA-30.
- Harnett County Future Land Use Map
    - The proposed rezoning to the RA-20M Zoning district is less compatible with the Agricultural Protection Area Land Use Classification than the current zoning classification, RA-20R.

- The requested zoning classification is the most permissive of the County's residential zoning districts, while the underlying land use is very restrictive and recommends only .5 dwelling units an acre in these identified areas.

- Agricultural Protection Areas
  - Areas of the county with concentration of agriculture, timber operations and natural resources. Farmland preservation efforts should be focused in these areas. The established low density development pattern and ongoing agricultural activities in these areas contribute to their rural character. This character can be enhanced by encouraging only low intensity uses such as agriculture and support businesses, and very low-density single family residential with context sensitive rural design. New residential development should be limited in density and scale. Density should generally be less than 0.5 dwelling unit per acre.

At the October 5, 2026, Planning Board meeting, the Planning Board voted (4-0) to recommend denial of the requested rezoning. During the Board's discussion, the Board stated that the site was not conducive to development for some of the special uses permitted in the RA-20M zoning district, including a manufactured home park.

Vice Chairman Nicol opened the public hearing and the following person spoke:

1. Haidar Shbeeb, applicant, spoke in favor of the requested zoning change. Mr. Shbeeb also stated our original concept included approximately 90 manufactured homes, and after further evaluation, reviewing comparable developments and considering the property's physical limitation, we recognized or realized 90 homes would be too aggressive and we have now reduced the development goal to approximately 40 manufactured homes, which represents more than a 50% reduction.
2. Larry Mitchell, 478 Century Drive, spoke against the requested zoning change.
3. Eric Stevenson, 100 Valley Stream Road, asked for more information regarding the proposed development.

Commissioner McKoy stated I would like more clarity on the project.

Christopher Appel, Senior Staff Attorney, reminded the Board, you would not be approving a product here today. You're just considering the approval of the rezoning itself. It's important that you're not basing approval or disapproval on the product they are suggesting.

No one else spoke and the public hearing was closed.

Commissioner Morris made a motion to deny the requested rezoning change. The motion was seconded by Commissioner Matthews. Vice Chairman Nicol stated I think this is something that could be come back for a conditional zoning request at some period of time, with a better plan, a little better layout. It may not be the right place with agricultural protection, but there is a need for it. Motion carried unanimously. **(Attachment 1)**

Commissioner Morris stated pursuant to Rule No. 21, Vice Chairman Nicol has requested to abstain from voting on item no. 9 PLAN2608-0002 because of a conflict. Commissioner Morris made a motion to allow Vice Chairman Nicol to abstain from voting. The motion was seconded by Commissioner Matthews and carried unanimously.

Ms. Arbour also petitioned the Board for a public hearing on Proposed Text Amendment PLAN2608-0002. Applicant: Millennium Digital Marketing, LLC; Harnett County Unified Development Ordinance; Revision: Article VII, "Development Design Guidelines" Section 10.0 "Sign Requirements" 10.10.7 B-1"Duration." Currently, the Unified Development Ordinance requires 20 minutes between image changes on an electronic outdoor advertising sign (billboard). The applicant is proposing a change to reduce the required interval between image changes to 8 seconds to be in accordance with industry standards. The proposed interval aligns with the North Carolina Department of Transportation's requirement that automatic changeable facing signs to remain in a fixed position for a minimum of eight seconds, as well as the interval requirements established by other local zoning codes.

At the October 5, 2026 Planning Board meeting, the Board voted (4-0) to recommend approval of the text amendment as requested by the applicant. The Planning Board stated that a 20 minute interval was too long. There was no one present to speak in opposition.

Vice Chairman Nicol opened the public hearing and the following person spoke:

1. Roger Farina, 306 Pinevalley Lane, asked if there were any safety concerns with the proposed change.

   Ms. Arbour shared the proposed interval aligns with the North Carolina Department of Transportation's requirement that automatic changeable facing signs remain in a fixed position for a minimum of eight seconds.

No one else spoke and the public hearing was closed.

Commissioner Morris made a motion to approve the proposed text amendment for PLAN2608-0002. The motion was seconded by Commissioner Matthews and carried unanimously 3-0. **(Attachment 2 & 3)**

Ms. Arbour also petitioned the Board for a public hearing on Proposed Text Amendment: PLAN2608-0001. Applicant: Harnett County Development Services; Harnett County Unified Development Ordinance; ADD: Article V, "Use Regulations" Section 1.2 & 7.6.7 "Tobacco, Vape, CBD, Hookah and Similar Establishments & ADD: Article XIV "Definitions & Certifications" Section 2.2 General Definition: "Tobacco, Vape, CBD, Hookah and Similar Establishments." As directed by the Board of Commissioners, Development Services and Legal & Risk Management Department staff researched and prepared a text amendment to establish a new use type for tobacco, vapor, CBD, hookah, and similar establishments, a definition, and use-specific regulations. Currently, the Harnett County Unified Development Ordinance does not identify these establishments as a distinct use, which creates a need for clear and consistent zoning regulations addressing where and under what conditions these establishments may operate.

While North Carolina law preempts local governments from regulating the sale, distribution, display, and promotion of tobacco products, it does provide local governments with the authority to regulate land use through zoning. The proposed text amendment would establish clear zoning regulations for these establishments while remaining within the County's authority to regulate land uses. Ms. Arbour reviewed the use regulations and noted it would establish a 2,000 ft distance requirement from all schools (increased from 1,000 ft per the Board's request at the October 13th meeting).

Updated Text following October 13, 2026 Board of Commissioners Meeting

At the October 5, 2026 Planning Board Meeting, the Board voted (4-0) to approve the text amendment as presented by staff. There was no one present to speak in opposition.

Vice Chairman Nicol opened the public hearing and the following person spoke:

1. Roger Farina, 306 Pinevalley Lane, spoke in favor of the proposed text amendment and stated he felt the distance from schools should be increased.

   Commissioner Morris asked if there are current shops they would be grandfathered in. Attorney Appel stated that is correct. It would apply to new businesses. Commissioner Morris stated the one by Highland High School has gone out of business several times. Attorney Appel stated it would have to remain vacant for 6 months, after that time, it would have to comply with the new regulations.
